

***Supacat - Thursday 22nd July 2010***

***9am start - \*lunch provided\****

**Supacat is one of the UK's leading independent developers of high-mobility vehicles and other land transport systems for specialist use. Established in 1981, we have been developing specialist vehicles and other equipment for our civil and military customers ever since.**

Supacat's range of off-road and tracked vehicles has continually expanded and improved in response to new, more demanding requirements for high mobility, cross-country capabilities.

*We are excited at this opportunity to not only visit but also actually experience driving these vehicles off road as they will be fitted with Lynx hand-controls!!*
